**Effective Date: December 9, 2020**

**Revised: March 22, 2024**

Aeroflex USA, Inc. (“we” and “our”) uses cookies and similar technologies on this site. Our Cookies Policy explains what cookies are, how we use cookies, how third parties we may partner with may use cookies on our site, your choices regarding cookies and further information about cookies.

## **What Are Cookies**

Cookies are small text files placed on the computers and mobile devices of visitors to sites and applications on those devices. A cookie file is stored in your web browser and allows us or a third party to recognize you and make your next visit easier and the site more useful to you.

Although they may be categorized slightly differently by various companies, cookies generally fall into the following categories:

- **Essential.** Also known as “necessary” cookies, these cookies are used for proper website functioning and to identify and prevent security risks.
- **Preference.** Preference cookies remember your settings and preferences, and to improve your experience on a website. For example, these cookies may be used to remember your language preferences.
- **Performance & Analytics.** Performance and analytics cookies collect information about how you use a website, monitor website performance, and improve the website performance, the company’s services, and your experience. For example, companies might use these cookies to learn more about which features are the most popular with our users and which ones might need some tweaks.
- **Marketing.** Some companies use these cookies to deliver interest-based advertisements to make them more relevant and meaningful to consumers, and to track the efficiency of their advertising campaigns.

**As discussed more below, we do not knowingly employ marketing cookies.** However, we may use cookies that fall within the scope of Essential, Preference, and/or Performance & Analytics.

## **How We Use Cookies**

We may use cookies for the following purposes:

- To enhance the functionality of our site by storing your personal preferences;
- To help us, and trusted third-party service providers on our behalf, to compile aggregate data about site traffic and site interaction so that we can offer better site experiences and tools in the future;
- To improve our products and services and site performance, and
- To prevent fraudulent activity and improve security.

Aeroflex uses “Google Analytics” to collect information about users of our website. Google Analytics collects information such as how often users visit this site, what pages they visit when they do so, and what other sites they used prior to coming to this site. We use the information we get from Google Analytics only to improve this site. Google Analytics collects only the IP address assigned to you on the date you visit this site, rather than your name or other identifying information. We do not combine the information collected using Google Analytics with personally identifiable information. Although Google Analytics plants a permanent cookie on your web browser to identify you as a unique user the next time you visit this site, the cookie cannot be used by anyone but Google. Google’s ability to use and share information collected by Google Analytics about your visits to this site is restricted by the Google Analytics Terms of Use (as amended for government websites) and the Google Privacy Policy. You can prevent Google Analytics from recognizing you on return visits to this site by disabling cookies on your browser.

Google Analytics employs cookies to define user sessions, which allows for the collection of data about how visitors are using the websites. Google Analytics uses only first-party cookies for data analysis. This means that the cookies are linked to a specific website domain, and Google Analytics will only use that cookie data for statistical analysis related to your browsing behavior on that specific website. According to Google, the data collected cannot be altered or retrieved by services from other domains.

If you choose, you can opt out by turning off cookies in the preferences settings in your web browser. You can also opt out of Google Analytics generally by [adding Google’s opt-out browser add-on to your browser](#), and you can find more information on [how Google uses information from sites or apps that use our services](#).

### **How to Manage Cookies**

Please see <http://www.allaboutcookies.org/manage-cookies/index.html> for information on how to adjust cookie settings on commonly used browsers. In addition, you can use your browser settings to have your computer warn you each time a cookie is being sent, to delete cookies, or to turn off all cookies. Please note, however, that if you delete or turn off cookies, you may not have access to some of the features that make your experience on our site smoother, you may not be able to store your preferences, and some of our services may not function properly.
